Hi:

Assassination story in current Post issue gave clue to June 8, 1963 issue x

The elderly magazine was feeble - stapled together - so had to literally get stories in pieces on small Stat equipment x

Story on Garrison offers good angles on his "bulldog" tenacity x

In the Cuba article found the elusive angle on attack on hotel and Russian ships - Eureka - Excelsior!

Could the Nestar Carbonell mentioned be related in any way to the Col. Arturo Carbonell in Virginia?

Castro story in Police Gazette is sheer garbage x Richards, a U P I man for South American papers, who lives at Columbine, gave me this and Cavalier piece on Ruby x

Yrs

Also could the Virginia Col. be one Mrs. Rich sent get money from Ruby?
